

Safety Performer
by SuperVision

Safety Performer

Real-time data to identify why safety problems are occurring so you can recommend corrective actions

Consolidated CSA & telematics data for a 360 view of Driver Performance

Safety Performer integrates driver data from multiple sources, including CSA scores, into one consolidated platform. This powerful solution allows stakeholders to engage pro-actively to prevent future safety events. Customizable review work-flow and safety score pop-ups ensure improved efficiency, boosted safety and lowered costs.

Did you know?

\$760 average out of service costs for fleets per vehicle per day

\$56B costs of motor vehicle accidents to employers in 2017

80% 20% of drivers are responsible for 80% of risk
